

## Go4Schools

Go4Schools is an online system that allows us to record, analyse and share classroom information regarding attendance, behaviour, achievement and homework in real time with staff, parents and students via one system, rather than multiple logins being required for separate systems as in the past.

Go4Schools can be accessed via the Go4Schools website or via a mobile app.

We recommend that both parents and students set up separate accounts. Parents and students can then have the mobile app on their phones and receive notifications.

To access the system, everyone must first log in to the Go4Schools website to receive a password.

To set up a parent account, simply search for "Go4Schools parent login".

To set up a student account, search for "Go4Schools student login".

Parents must use the email address that they have registered with the school. This is included on the attached letter.

Students must use their school email address. This is also recorded on their letter.

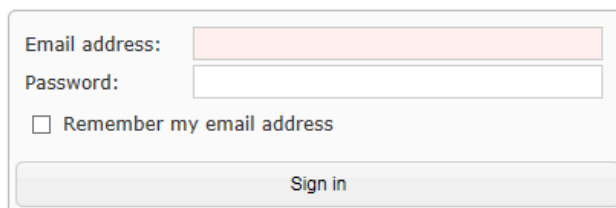

## Welcome!

This is the GO 4 Schools login page for Parents and Guardians

In order to login, you will need to use the email address that your child's school holds for you.

If you don't have a password yet, or have forgotten your password, you can request a password reset email using the [First-time User?](#) and [Forgotten your Password?](#) links.

**If you are having problems logging on, please contact your child's school.**

## GO 4 Schools Parent App

If your child's school uses GO 4 Schools, they can add the GO 4 Schools mobile app to make it even easier for you to see your child's timetable, homework, behaviour records, attendance, etc. What you will see depends on which GO 4 Schools modules your child's school has subscribed to. View the [Mobile App - Quick Start Guide](#) for further details.

The GO 4 Schools Parent App is free for parents to download from the Apple and Android App stores, but you will not be able to log in unless your child's school has a current GO 4 Schools subscription that includes the App, and they have granted you access. **Your child's school will let you know if and when they have added the App to the school's subscription.**

The App uses the same login details (email address and password) as this web site.

If you can't log in to this site, you will not be able to log in to the App. If you think you should be able to log in to this website but can't, please contact your child's school.

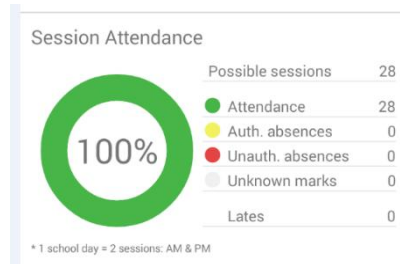

Once you have received your password, you can download and log in to the mobile app.

The app, in our opinion, is the most versatile way for parents and students to view the information.

Short videos explaining the setup process can also be found on the front page of the school website.

## Attendance in Go4Schools

A student's current attendance and the number of late marks can be viewed here.

## Timetable

A student's timetable can be viewed to help with organisation.
