

### **Residential Trips for 2025-2026**

We understand both the value of residential trips and the effects of the expense on our families, especially when there is more than one child at the school. Hence, to allow you to plan your expenditure, below is a list of the residential trips we will be running next academic year (September 2025 – July 2026).

\*CERN has proved difficult to book in the past couple of years due to increased demand. Accommodation and flights will only be booked once a visit to CERN is secured.

Each trip will require a minimum number of students to run. We cannot therefore guarantee that any trip will go ahead. If any trip is oversubscribed, places will be chosen by a draw. If a student withdraws from a trip having paid the deposit we will endeavour to fill the place, if we cannot fill the place it is highly unlikely that any money paid can be refunded.

Please note additional day trips may run throughout the next academic year. You will be notified of these by the individual departments in due course.
